

What you will be marked on:

Thrill Factor	/35
Family Friendly Rating	/25
Amenities	/15
Value for Money	/15
Overall Design	/10

Grand Total **/100**

Your budget is £100,000,000 (sounds a lot right.....?)

Super Thrill rides - £15,500,000
 Thrill rides - £8,500,000
 Medium-Thrill - £4,100,000
 Low-Thrill - £1,775,000

Toilets - £50,000 Pond £ 36,000
 Restaurant - £500,000 Hotel £4,500,000
 Cafe - £265,000
 Bar - £440,350
 Park/Picnic Area - £ 85,450
 Fast-food stand - £13,400
 Arcade - £120,600
 Game Stall - £13,400
 Gift Shop - £288,000

Some important things to think about:

You must achieve a balance - you can score the most marks for thrill factor but a theme park with just super thrill rides in it will not be very family friendly will it?

You will need toilet blocks! (somebody did a wonderful theme park a few years ago.....with no toilets)

Think about where things are placed. A large toilet block next to a restaurant is not a great look is it....?

As with your rides, think about your amenities very carefully. For example, I know many of you are very fond of gift shops but 20 of them is not a very practical/sensible number is it? Hotels are another point - will you really need 4 of them for instance...?!
